To All Branch 100 Members

Please be advised that on Wednesday June 21, 2023, Branch 100 held a general membership meeting. As per the branches Constitution and By Laws, an amendment was submitted to the members in attendance. The amendment was accepted and unanimously voted on to increase the branches dues from ten dollars (\$10.00) per pay period to fourteen dollars (\$14.00) per pay period. This change will be effective on August 26, 2023.

The last dues increase was in 2009. Costs over the years have increased and the branch has been able to keep the dues intact. However, in this current economic situation and an assessment from NAPS HQ we find it necessary to increase the dues.

We, on the executive board thank you for your understanding of this matter and will continue to serve your needs.

Thank you.
